Cocktail d'artistes and Auction to help damaged Vineyards and Territory

An absolute "Anteprima", La Vendange de St. Tropez is **an exclusive cocktail dinner and a charity auction to raise funds to help the flora and fauna, the vineyards and the people who were affected by the fire last Summer.**

The project is about supporting also the efforts of the firemen to protect people, animals, woods, forests, trees.

A extraordinary event, at its very first edition created by Alessandra Fenyves, (italian journalist and PR) and Corinne Kowalski (artist and painter), that will be hosted on **the 29 September** in the elegant Hotel de Paris Saint-Tropez, in the heart of the village, during the prestigious week of The Voiles.

The vineyards and all the flora in these areas represent a valuable heritage for the local territory and a great beauty. Through web campaigns and media initiatives La Vendange de St. Tropez will bring attention and needed funding to three main areas: protecting vineyards, forest conservation, helping damaged local bio productions.

La Vendange de St. Tropez is done in collaboration with the municipalities of St. Tropez, Ramatuelle and prestigious sponsors such as Domains Ott.

St. Tropez has always been seen as an attractive place worldwide, loved by anyone as the perfect "rendez-vous" between uncontaminated nature, exclusive beaches and high life.

Elegance, wine, art and food, a mix of style and savoir-vivre, in a perfect location frequented by an international jet-set.

A welcome cocktail followed by a general speech to present the initiative, the auction and a beautiful dinner.

VIP and prestigious sponsors in fashion, food and wine will join the Event.

The night will feature an after party with live music and dj set
